Our best advice to incoming 3rd graders is to read, write, practice your Math facts, and HAVE FUN every day this summer! There's no substitute for fresh air and play! In September it will be time to work hard, so get outside while you can.

Third grade is a wonderful opportunity to develop independence and responsibility. Parents, please foster this in your child and be prepared to see tremendous growth. Have a SUPER summer and we'll see you in the fall!
